

Sponsorship Package

Team 9098 - FireHawks
St. Ignatius of Loyola Catholic Secondary School
Oakville, Ontario

Team 9098 FireHawks, representing St. Ignatius of Loyola Catholic Secondary School, humbly requests your consideration for sponsorship in the upcoming robotics season. With the support of sponsors like you, we aim to continue igniting passion for Science, Technology, Engineering, Arts, and Math (STEAM) in our students.

Our Journey So Far

Team 9098 FireHawks is currently in its fourth season. This team started in 2023 with a passionate group of members from grades 9 to 12, and we achieved incredible feats. Over the past three years we won multiple awards at district competitions, qualified and competed at the Provincial Championships and the World Championships in Houston, Texas - a significant accomplishment for a emerging team.

In 2026 our team is comprised of over 30 students and 10 adult mentors. In our previous season, we were recognized by winning the *Innovation in Control Award* for our programming, we were the *Waterloo District Event Finalists*, and received the *Rising All-Star Award* for recognition as a young team that showed outstanding potential, determination, and growth.

Competition Season & Events

Our 6-week build season is an intensive period where our team members and mentors come together to conceptualize, design, build, program, and test a competition-worthy robot. We then participate in two district competitions to vie for a spot at the Provincial Championships, with the dream of representing our school and sponsors at the World Championships in Houston, TX. Each event draws significant attention from media outlets, ensuring visibility for our dedicated sponsors.

Outreach In Our Community

We are committed to promoting STEAM and FIRST within our community. Our team shares our experiences with elementary schools visits, coding classes for Gr 6-8 Students, Girls in STEAM nights, Gr 7 and Gr 8 Nights, volunteering our time FIRST Lego League Competitions, and mentoring FIRST Lego League Teams

Funding Requirements & Sponsorship Tiers

While our passion and commitment drive our success, financial support remains essential.
Here's how your generous contributions can make a difference:

Sponsorship Category	Recognition on Website and Team Appreciation Letter	Logo on Robot and Website	Link to Company Site on FireHawks Website and Logo in Our Event Recap Videos	Sponsor Announced at Competitions and Logo on Pit Banner	Sponsor Logo on Team Shirts and Special Feature on Social Media
Friends of FireHawks up to \$99	*				
Silver \$100 - \$499	*	Small			
Gold \$500 - \$999	*	Medium	*		
Platinum \$1000- \$4999	*	Large	*	*	
Diamond \$5000 +	*	X-Large	*	*	*

In-kind donations are valued and recognized as per the guidelines mentioned above.

Previous Sponsors & Their Impact

Our journey has been made possible by the trust and support of our sponsors. They range from local businesses and large engineering firms, to our school board and individual donors. By sponsoring FireHawks, these organizations have promoted STEAM and simultaneously expanded their brand visibility among consumers and potential future talent.

Our Mission & Vision

At the heart of Team 9098 FireHawks is our dedication to promoting STEAM principles and the concept of Gracious Professionalism. Our belief is simple: as we build robots, we are shaping young minds to be the problem-solvers of tomorrow. Through robotics, we're crafting a generation that will lead with innovation and compassion.

Your Support Matters

Beyond the technical achievements, each FireHawks member embarks on a personal journey of growth and self-discovery. Every contribution helps us offer more students an opportunity to learn about STEAM and discover their potential.
